

farming, friends, and food. He started his Angus herd, now the largest in the State, in the late 1950s with the mission of making the perfect steak.

He met his wife, Frosty, when he was only 16 years old. Through their 69 years of marriage, they raised 9 sons and have 32 grandchildren and 31 great-grandchildren to carry on his legacy.

He truly left an impression on everyone he met, and he will be greatly missed by everyone.

ABOLISH THE DEATH PENALTY

(Ms. BUSH asked and was given permission to address the House for 1 minute.)

Ms. BUSH. Madam Speaker, St. Louis and I rise today to remind my colleagues that there is no place in a humane society for State-sanctioned violence.

On Tuesday, Kevin “KJ” Johnson was taken from his family by capital punishment. From the systemic racism that tainted his conviction and the State’s continuing use of executions to the Missouri Supreme Court’s and the U.S. Supreme Court’s denial of a stay of execution, KJ was failed by our criminal legal system.

Missouri intends to move forward with the executions of four more people in the coming months. Congress must act. Congress must pass legislation to abolish the Federal death penalty and encourage States to follow suit.

I am also urging our President to continue leading on this issue and act now. Commute the sentences of all those on Federal death row, condemn State executions, and urge his administration, this administration, to stop seeking the death penalty. Let’s abolish the death penalty once and for all.

CONGRATULATING ANDALE HIGH SCHOOL FOOTBALL TEAM

(Mr. ESTES asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ESTES. Madam Speaker, I rise today to celebrate and congratulate the Andale High School Indians on their 2022 Class 3A football State championship, their fourth in a row.

Since 2019, Coach Dylan Schmidt and the class of 2022 have shown the State and country that the hard work and dedication they put into the game are unmatched on the field.

With their win last Saturday, Andale continued its 4-year undefeated streak of 51 games, the second-longest active win streak in the entire country. To put this in perspective, the seniors at Andale High School have never lost a high school football game.

During this impressive run, Andale has outscored their opponents by an average of more than 45 points per game. Coach Schmidt and his team now hold the record for the fourth-longest winning streak in Kansas State history.

In a testament to their talent and Coach Schmidt’s commitment to excellence, the team has only lost twice since 2017.

I hope the entire House will join me in congratulating Andale High School and Coach Schmidt on their monumental achievements on the field and off the field.

I wish them continued success in their upcoming season. Go Indians.

HONORING THE SERVICE OF COLONEL BUD ANDERSON

(Mr. MCCLINTOCK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCCLINTOCK. Madam Speaker, whether in 60 seconds or 60 hours, it is impossible to do justice to the heroism, patriotism, and service that defines the life of Colonel Bud Anderson.

He flew 116 fighter combat missions over Europe in World War II, shot down more than 16 enemy aircraft, and was decorated 25 times, including two Legions of Merit, five Distinguished Flying Crosses, the Bronze Star, 16 air medals, the French Legion of Honor, and the French Croix de Guerre.

Chuck Yeager called him a “mongoose” and “the best fighter pilot I have ever seen.”

After distinguished service in Korea and Vietnam, he managed McDonnell Douglas’ legendary flight facility at Edwards Air Force Base.

He is still going strong at the age of 100, and today, I am pleased to announce, at the request of Congressman LAMALFA and myself, that the Air Force has just promoted him to the rank of Brigadier General, effective December 14.

God bless you, General Anderson. Congratulations, and thank you on behalf of a grateful Nation.

RESTORING AMERICAN ENERGY INDEPENDENCE

(Mr. CLYDE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLYDE. Madam Speaker, over the weekend, the White House eased sanctions on Venezuela’s oil sector, permitting Chevron to resume oil production in the communist regime. This policy follows an undeniable pattern of the President putting our Nation last.

Joe Biden is more than happy to green-light drilling in Venezuela but stalls drilling permits here in the United States. He is delighted to beg foreign adversaries like Saudi Arabia to boost production but refuses to unleash American energy. The President is determined to advance Green New Deal policies but fails to help Americans struggling to fill their gas tanks and heat their homes this winter.

Make no mistake: This is the America last administration. You see, President Biden wants to totally control

U.S. fossil fuel energy, and he can do it more easily through manipulating imports of foreign oil than he can over domestic production once it has begun. It is a nefarious plan.

Thankfully, though, in just a few short weeks, House Republicans will retake the majority and start advancing legislation to restore American energy independence once and for all.

WORLD AIDS DAY

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, today is World AIDS Day, and lest we forget, it is not over yet.

In 2021, 1.5 million persons became infected with AIDS and 600,000 died; a pandemic or an epidemic. As we fought and scurried to save lives against COVID-19, let us not forget.

I rise to thank all the AIDS advocacy groups and my particular center, the Thomas Street Clinic, which will hold a World AIDS Day ceremony today, one that I never miss except when in Washington.

I remember the days of standing at the bedsides of those who were dying alone. We must continue to research, we must continue to acknowledge, and we must continue to eliminate the stigma, for all of those infected and affected AIDS must have human dignity.

I am reminded of my early engagement standing with the late Senator Orrin Hatch and, of course, the late Senator Ted Kennedy when they announced the Ryan White CARE Treatment Act, and what an amazing impact.

We have lost many souls. Many families have suffered, but as Americans, let us continue to fight against the scourge of AIDS and to embrace those who are fighting and living with AIDS.

World AIDS Day. We should never forget. It is not over yet.
